COCA WorkSafeBC Update #442 June 8, 2009

Important Note re New Claims Management System from WorkSafeBC

WorkSafeBC has just introduced a new Claims Management System (CMS) that is more fully computer based.

As with any new system, there is the risk of unanticipated problems.

We recommend that you check your WorkSafeBC Claims Cost Statements even more carefully than usual for the remainder of this year. This will help to ensure that you are not charged for other employer's claim or that you are overcharged for your own claims.

Claims Cost Statements are sent to you each month by WorkSafeBC. The Claims Cost Statement lists all claims attributed to your company and the costs attached to them.

The first statement under the new CMS will reach you shortly.

If you have any questions regarding your Claims Cost Statement or the new CMS, contact Grant McMillan.
