COCA WorkSafeBC Update #440 May 28, 2009

Please see the following message and enclosure from our partners at CSABC.

CSABC is pleased to offer the attached products to all of your members (regardless of whether they are COR certified companies or not - though a couple of the items are free to COR companies only). We have purchased WorkSafeBC regulations, emergency response guidebooks and Vital ID tags at a bulk price and would like to pass that discount on to your members as a value added service. I would appreciate it if you saw the value in these items and passed this order form on to your members. The Vital IDs have been very popular!
