COCA Update on WorkSafeBC Activities #479 July 21, 2010

Nurse Advisors Ready to Help with your WorkSafeBC Claims
(please distribute to your members to assist them)

At the request of COCA, WorkSafeBC has enhanced their program of Nurse Advisors by dedicating two of them to the Construction Industry.

Nurse Advisors can assist employers with:

Return to Work Assistance
Disability Management
Claim Updates

The major advantage of requesting this assistance has is that the Nurse Advisor can directly access all WorkSafeBC files and deal directly with individual issues from within the administration. Grant McMillan of COCA can also work with the contractor and the CSM to clarify issues or present your case.

The Construction Nurse Line is:

604-279-8155,

or

1-877-633-6233

This is an excellent service that is available to you at no extra cost. You are already paying for it with your WorkSafeBC assessments.
