COCA Update on WorkSafeBC Activities #490 October 25, 2010

Construction Nurse Line Open to Assist You

WorkSafeBC has provided help to employers – at the request of COCA – in order to streamline Return to Work or facilitate Stay at Work.

Construction Nurse Advisors (CNAs) work with Construction Industry employers, workers, health care providers and physicians to reduce or eliminate time lost from work related injuries.

CNAs are registered nurses with expertise in occupational injury and Return to Work planning.

CNAs have access to ALL available WorkSafeBC claim file information.

CNAs will do job site visits to your worksite to facilitate Return to Work planning.

CNAs will assist employers to develop Injury/Disability Management Programs.

Remember that reducing the time off work will reduce your WorkSafeBC bill.

The Construction Nurse Line is open Monday to Friday, 8:30 am to 4:30 pm:

CALL: 604-279-8155 or

Toll Free: 1-877-633-6233
